PROFILE

Hi, I'm Prashant Kumar Sinha, a BCA student passionate about problem-solving and web development. I've built projects like TruthLens, a student note-summarizing platform, and a college website for streamlined admissions. Skilled in HTML, CSS, JavaScript, and React, I thrive in teamwork and enjoy taking on new challenges.

WORK EXPERIENCE

- Tech Mahindra** MAR 2023 - SEPT 2023
RTS DEPARTMENT (Ground Coordinator)
 - Demonstrated strong teamwork skills and the ability to work effectively under high pressure and Achieved financial independence through diligent and dedicated work

PROJECTS

- JeevEco** 2025
Waste Management Mobile App
 - Report & Track Waste – Users can upload waste photos, auto-fetch location, and categorize it (Dry, Wet, Mix).
 - Interactive Map – Displays reported waste locations, allowing users to mark waste as cleaned.
- TruthLens** 2024 - 2025
Fact Check React Website
 - AI-Powered Fake News Detection – Uses the Gemini AI API to verify news accuracy.
 - Seamless User Experience – Built with React, React Router, GSAP, and Bootstrap for smooth navigation and UI.
- Gravity** 2023 - 2024
Students Last Minute Website
 - Developed a website to help students easily find and summarise course notes.
 - Implemented features for efficient note summarisation and search functionality.
